Instructions

Dear tenants,

You have chosen to stay in one of our rentals, and we have prepared it with the utmost care to give you complete satisfaction.

To facilitate and organise your departure, and out of respect for everyone, we have drawn up a list of small instructions to follow:

- The fridge must be defrosted, emptied and cleaned, door open.
- The trash can must be emptied and cleaned.
- The dishes washed, wiped and stored in the cupboards as you found them when you arrived.
- The food is completely removed.
- The floor should be swept and cleaned if necessary.
- The microwave, coffee maker, interior and garden furniture must be cleaned.

Without notice to the contrary from you on the evening of your arrival, we will consider the acceptance by the tenant of the allocation of the rental in perfect condition of cleanliness, functionality and a complete inventory.

Tenants must leave the rental by **10 a.m.** on the day of departure. For departures outside the scheduled hours, please notify us the day before.

The inventory will be carried out on your departure or after your departure, and the deposit will be returned to you if no anomaly is found.

In order not to "unpair" all the dishes, we ask you **in case of breakage, to change the broken element identically.**

You can consult us at the reception, we may have the replacement that you will pay when you leave.

For your well-being and that of your successors, the interior **of all our rentals are NON-SMOKING.**

Please respect these instructions during your stay. In the event of abuse or damage found during the initial inventory, we reserve the right to charge you the price of a complete cleaning, i.e. €60, or the price of the necessary repairs.

For the organisation of the inventory of your departure, when you are ready, **BEFORE 10am:**

- Turn off the lights in all rooms.
- Close the door of your rental.
- Come to the reception with the file cabinet.

We thank you for your understanding and wish you a good stay.

5 gestes citoyens - 5 public-spirited gestures

- Je ne gaspille pas l'eau, elle ne doit pas couler pour rien.

I do not waste water, it never runs for no reasons.

- J'éteins la lumière, le chauffage quand je quitte mon locatif. J'éteins la lumière extérieure la nuit.

I switch off the light, the heating when I leave the rent. I switch off the outside light in the night.

- Je trie mes déchets dans le local réservé à cet effet. Un container est prévu pour chaque type de déchet.

I sort out my waste in the special space. Different bins are provided.

- Je respecte la nature en ne jetant pas mes papiers ou mes déchets par terre.

I respect the nature by not throwing waste or papers on ground.
